

## ASM ONLINE SUPPORT GROUP SUBMISSION FORM

Autism related support / social groups can be added to the ASM website Support Group page. The group must have a set date, time and location for each month and a contact email or phone number. There can be exceptions to having a set date, for example: The group does not meet in winter and starts up again in the spring. If this is the case, put this in the “notes” section.

Any changes such as location, date or time are only made if ASM is contacted of changes. **1-800-273-5200** or [info@asmonline.org](mailto:info@asmonline.org)
