

Directory 2025

(also available on our website: www.mpf.org)

This directory is a compilation of responses to a survey sent to summer camps in Maine during the fall of 2023. We hope this information will help you choose a camp that meets your child's needs. Most camps in the State of Maine are listed in a guide titled, *Maine Summer Camps*, published by the Maine Youth Camping Foundation. You can obtain a copy of their booklet by writing to: Maine Summer Camps/Maine Youth Camping Foundation, PO Box 1861, Portland, ME 04104, calling (207) 518-9557, or visiting their website at www.mainecamps.org.

Camp STRIVE provides tweens, teens, and young adults, ages 11-24, with a supportive, safe, and active program during school vacations and throughout the summer. We believe that the camping experience is an extremely valuable one, providing an outlet for campers to develop long-lasting friendships, experience new things, and enjoy themselves in a safe and welcoming environment. Camp STRIVE is specifically designed for campers with intellectual and developmental disabilities who:

- Are successful with a 1 to 5 staff-to-camper ratio (can successfully be integrated in a group without 1:1 support)
- Do not present any behaviors requiring physical intervention from staff
- Do not have any challenges being safe in the community (i.e. do not elope)
- Are able to be fully independent in the restroom.

ABOUT PALS

Our program pairs similarly-aged individuals with and without Down syndrome for a week of new adventures, while learning more about themselves and others as they build transformative friendships. Participants spend a full week together (7 days, 6 nights) living in dorms, participating in on-campus activities, and taking on attractions in the local area.

Scan the QR code to register your interest.

Transportation is available for Pick up and drop off for overnights only.
Co-ed with age range of 7-17
Week long sessions
Tuition: \$450.00-\$1500.00
Subsidies and Scholarships are available for \$100.00 to \$300.00
Applications are accepted January 2025 – April 7, 2025

Supports:

- Small groups of 1:4 to 1:6
- 1:1 is not feasible for us to provide but aides are welcome and easily incorporated
- Buildings and pathways are wheelchair accessible.

Other supports:

- Our camp has welcomed campers with special needs since we started in 2004. We work with families on an individual basis to accommodate each camper's individual needs. We work with equipment/software providers for out camps to ensure that it is accessible as possible and can modify programs to accommodate a wide array of campers.
- Some of our sessions would be inaccessible for children with lo/no vision. Particularly our " 3D Printing and Design" course. The 3D design software has not yet been designed in a way that can work with screen readers or other similar tools. We are actively looking into a solution for this problem.

- We operate camps on university and school campuses which are typically accessible facilities. When an issue with a facility becomes known, we work with our host facilities to rectify the problem.
